Champ Shows 13/4/14

Dogs

My thanks for inviting me to Judge at this super, well organised show; and to my V. gd Steward who kept things moving well.

I found size in a small number to be more suited to a Bullmastiff than a Boxer but most had correct proportions & that touch of elegance. What was of some concern to me were the teeth in many. Bites were gd throughout and the puppies & juniors were fine, however, in the older dogs many had tiny teeth almost disappearing into the gums. I really think breeders must give this some serious thought.

Presentation & Temperaments were excellent without exception. It was also lovely to hear applause for all classes from the V. sporting exhibitors who thus created a super atmosphere around the ring.

I was pleased with all my winners & thank all for entering under me and giving me such a pleasant day.
