

THE NORTHERN BOXER CLUB 66th CHAMPIONSHIP SHOW
JUDGES CRITIQUES FOR DOGS
SHOW 12th APRIL 2015

Firstly, I would like to thank the Northern Boxer Club for your invitation to judge at this Show. It is always an honour and a pleasure to be invited to judge Boxers, especially having owned and bred them for over 35 years.

I would also like to take this opportunity to congratulate the club and their hard working committee on such a well conducted show, the excellent stewards provided for our assistance, and the great sportsmanship shown by the exhibitors. I also thank my co-judge Mrs Margaret Joyce who judged the bitches, it was lovely to discuss the placings and come to unanimous decisions on each class making the day even more enjoyable.

My general impressions...I am of the opinion there have certainly been improvement in length of your boxers on the whole they are now returning to the "square appearance" called for in the standard. Mouths require watching with some teeth covered by the bottom lip which has to be pulled down to see the teeth. My main concern was movement, boxers must have reach and drive, **not rotary action**, nor elbows extending out on the move. Overall enjoyed judging your beautiful boxers.

Hopefully these critiques will be accepted in the manner they are given – an honest and constructive assessment of each exhibit, remembering of course each judge has their own perspectives and interpretation of the Breed Standard, therefore critiques vary accordingly.

Minor Puppy Dog - 11 (1 Abs)

1st. Huckerby & Dowell's - Norwilbeck Bellchime Slap N Tickle

8 month old fawn brindle dog, balanced with sufficient elegance and good breed type for his age, sufficient bone, well-proportioned muzzle to skull ratio with expression, dark nose, ears well placed, lovely crest of neck flowed into well placed shoulders, level top line finished with correctly placed tail, muscled rear angulation, tight feet. Moved well for his age and a promising puppy.

2nd. Murfin & Renshaw Turner's - Farvalley Dark Knight

7 months old dark brindle male, not quite the angulation of the first dog but still had a well-proportioned head piece, good expression masculine but not overdone for his age, good crest of neck flowed into well placed shoulders, well sprung rib cage, would prefer slightly higher tail set, feet a little flat but could be his age, still a very promising pup.
