

# The Northern Boxer Club (Limited Show)

## Saturday 31st October 2009

I would like to take this opportunity in thanking the committee and members for an extremely enjoyable day at this my very first breed show.

### Minor Puppy Dog (6)

1<sup>ST</sup> Poole & Mostacci's Stanryk Wot A Dream at Mekart- Super d/br/w baby, very raw but as one would expect for this age. Lovely head, dark eye with a beautiful expression, good mouth. Good height on foreleg, straight front with evident forechest, correct angulation, held his topline well on the move, should have a bright future.

2<sup>nd</sup> Beardsell & Van-Becks Newlaithe Conjured Design – r/w baby more mature than 1, but he was a little too strong in head for me, He had a lovely arch of neck which he used well, compact in body, moved ok.

3<sup>rd</sup> Flintoft's Boxania Spice of Life

### Puppy Dog (2)

1<sup>st</sup> Cairns Galicar Innuendo- Well grown br/w lad, Lovely head with good width of muzzle, wide mouth, correct dark eye giving a kind expression. Super forechest, nice straight front, level topline, carried himself well on the move. Pleased to award him BPD

2<sup>ND</sup> Brunton's Daltamie Fire Cracker – r/w youngster, head ok, dark black mask, dark eyes, good mouth. He is ultra short in back which always gives the appearance of being smaller, good angulation, moved ok but lacked temperament.

### Junior Dog (5, 1a)

1<sup>st</sup> McCardle's Justin Time – 14 mth g/br/w boy, this youngster is maturing very nicely, he has a beautiful head with good stop, rise of skull and excellent width of muzzle and good mouth. When set up he is so well balanced, evident forechest, straight front and correct rear angulation. Moved very well, time is on his side.

2<sup>nd</sup> Buckley's Shades of Shakatan- This youngster would not keep still for one minute surely one of the happiest in the ring. He has a decent head, dark eye, good mouth, overall he is a lovely boxer but not quite masculine enough, movement was difficult to assess.

3<sup>rd</sup> Lott's Britesparke Sword Smith

### Novice Dog (3)

1<sup>st</sup> Woolliss's Rameleon on Reflection- 18 month br/w boy of good size, lovely head, correct bite, dark expressive eye. Correct front and rear angulation, moved well keeping his topline.

2<sup>nd</sup> Jordan's Feardorn Faegan at Sunvalley- 21 month g/br/w, his head again was too strong for me, well grown with good height of foreleg, feet could be in better condition, longer cast all over than 1.

### Graduate Dog (6, 1a)

1<sup>st</sup> Huggins Beautiful Day for Daervlish- a dog I have admired since he was a youngster, very stylish d/brw, no doubting his masculinity. Beautiful headpiece, clean skull, the most dark expressive eyes, superb mouth. Lovely round bone, straight front, tight feet. Super arch of neck into a slightly sloping topline, good quarters and he moved round the ring with drive and purpose.

Showed and handled to perfection, pleased to award him Best Dog and Best in Show, surely one for the upper house.

2<sup>nd</sup> Greaves Barbarossa Blade Runner- lovely b/w boy, he has a lovely head, dark eye, width of muzzle, evident chin. Correct front and rear angulation, moved really well, very unfortunate to meet 1 on the day.

3<sup>rd</sup> Marshall- Curtis's Marcurt Look Of Lust

### Post Graduate (1)

1<sup>st</sup> Harris & Kerchers Petarris Buck Rogers- B/w boy who was extremely well handled by a very confident young lady. Nice head, kind expression from a dark eye, good width of muzzle, evident chin. Straight front, correct angulation, moved ok but a little wary on the way round.

### Open Dog (2)

1<sup>st</sup> Chippendales More Mayhem for Mylicam- Another male I have admired from the ringside, lovely head, dark eye, evident chin. Correct shoulder angulation with evident forechest, excellent height of foreleg, strong back, good quarters. His red jacket was gleaming and so on his toes the whole time, moved with drive. Reserve Best Dog

2<sup>nd</sup> Beardsell & Van-Becks Newlaithe on Target JW ShCM – another stylish b/w boy, good head lovely expression from a dark eye. Good arch of neck, short level topline, correct rear angulation. Moved ok, front was a little erratic coming towards.

#### Minor Puppy Bitch (6, 1a)

1<sup>st</sup> Parker & Martins Olleyville Meggy McPhee - wow what a little stunner, so well schooled for a baby, could have taken her home there and then. 2<sup>nd</sup> Suttons Walkon Silhouette at Springbeck- litter sister to 1, again similar comments to 1, but she is rangier than her sister and a little longer cast, so I feel will take a little longer to mature but very promising.
